NV32L-401

Stainless steel mirror hollow plate plus white translucent plate plus aluminum alloy frame

NV32L-402

Stainless steel Titanium mirror hollow plate plus white translucent plate plus aluminum alloy frame

NV32L-403

Stainless steel mirror hollow plate plus white translucent plate plus aluminum alloy frame

NV32L-404

Stainless steel mirror hollow plate plus white translucent plate plus aluminum alloy frame

NV32L-405

Stainless steel mirror hollow plate plus white translucent plate plus aluminum alloy frame

NV32L-406

Stainless steel mirror hollow plate plus white translucent plate plus aluminum alloy frame

NV32L-407

Stainless steel mirror hollow plate plus white translucent plate plus aluminum alloy frame

NV32L-408

Stainless steel mirror hollow plate plus white translucent plate plus aluminum alloy frame

NV32L-409

Soft lighting design of multi-layer reflective plate complemented by golden lamp post

NV32L-410

Soft lighting design of multi-layer reflective process plate and stainless steel mirror hollow plate complemented by hollow translucent lamp post

NV32L-411

Stainless steel mirror hollow plate and white translucent plate plus aluminum alloy frame

NV32L-412

Soft lighting design of arch steel plate baked finished reflective plate complemented by lamp post plus mirror stainless steel plate

NV32L-413

Mirror stainless steel plate complemented by rectangular hollow translucent lamp post, soft lighting design of arch white translucent plate in the middle

NV32L-414

Mirror stainless steel plate complemented by golden lamp post, soft lighting design of arch white translucent plate in the middle

NV32L-415

Soft lighting design of multi-layer reflective process plate complemented by golden lamp post

NV32L-416

Multi-layer reflective process plate complemented by soft lighting design of kidney translucent hole plus organic lamp post, soft beam and strong solid sense of hierarchy

NV32L-417

Reflective arch ceiling in the middle plus soft lighting design of stainless steel plate complemented by lamp post on both sides

NV32L-418

Multi-layer reflective process plate in the middle plus stainless steel plate complemented by lamp post on both sides

NV321L-419

Reflective arch ceiling in the middle plus soft lighting design of stainless steel plate complemented by lamp post on both sides

NV32L-420

Reflective arch ceiling in the middle plus soft lighting design of stainless steel plate complemented by lamp post on both sides

NV32L-421

Soft lighting design of white translucent plate in the middle and wooden model process plate plus lamp post all around

NV32L-422

Soft lighting design of triangle arch ceiling of wooden lattice plus white translucent plate complemented by stainless steel plate plus lamp post

NV32L-423

Multi-layer reflective process plate in the middle plus stainless steel plate complemented by lamp post on both sides

NV32L-424

Soft lighting design of wide arch white translucent plate

NV32L-425

Soft lighting design of cylindrical hollow translucent lamp post plus arch white translucent plate

NV32L-426

Double arch white translucent plate plus soft lighting design of hollow rhombic translucent lamp post in the middle

NV321L-427

Reflective arch ceiling in the middle plus soft lighting design of stainless steel plate complemented by lamp post on both sides

NV32L-428

Reflective arch ceiling in the middle plus soft lighting design of stainless steel plate complemented by lamp post on both sides

NV32L-429

Reflective arch ceiling in the middle plus soft lighting design of stainless steel plate complemented by lamp post on both sides

NV32L-430

Soft lighting design of rhombic hollow translucent lamp post plus arch white translucent plate

NV32L-431

Reflective arch ceiling in the middle, soft lighting design of stainless steel plate complemented by lamp post on both sides

NV32L-432

Reflective arch ceiling in the middle, soft lighting design of stainless steel plate complemented by lamp post on both sides

NV32L-433

Reflective arch ceiling in the middle, soft lighting design of stainless steel plate complemented by lamp post on both sides

NV32L-434

Soft lighting design of wide reflective arch ceiling

NV32L-435

Soft lighting design of wide reflective arch ceiling

NV32L-436

Soft lighting design of reflective flat ceiling plus hollow rhombic translucent lamp post in the middle

NV32L-437

Stainless steel mirror hollow plate plus white translucent plate complemented by soft lighting design of hollow rhombic translucent lamp post on both sides

NV32L-438

Soft lighting design of reflective flat ceiling and lamp post in the middle

NV32L-439

Mirror stainless steel hollow frame plus Acrylic arch plate plus lighting decoration

NV32L-440

Soft lighting design of double arch white organic translucent plate plus lamp post in the middle

NV32L-441

Soft lighting design of wide reflective arch ceiling

NV32L-442

Soft lighting design of wide reflective arch ceiling

NV32L-443

Soft lighting design of wide reflective arch ceiling

NV32L-444

Soft lighting design of wide reflective arch ceiling

NV32L-445

Soft lighting design of wide reflective arch ceiling

NV32L-4101

Mirror stainless steel frame plus Acrylic lighting decoration, multi-layer overlapping reflective plate in the middle

NV32L-4102

Reflective flat ceiling in the middle, soft lighting design of stainless steel plate complemented by lamp post

NV32L-4103

Soft lighting design of vertical rectangular reflective main lighting plate and lamp post

NV32L-4104

Mirror stainless steel two-layer frame complemented by milky white translucent plate

NV32L-4105

Geometrical pattern in the middle and organic glass and lamp post on both sides, make the ceiling modern

NV32L-4106

Stainless steel frame plus soft lighting design of organic lamp post

NV32L-4107

Steel plate painted, hollow plus milky white translucent plate plus lamp post lighting

NV32L-4108

Soft lighting design of translucent organic lamp post in the middle plus kidney translucent hole

NV32L-4109

U type hairline plate in the middle plus lamp post, soft lighting design of mirror hollow plate on both sides

NV32L-4110

Soft lighting design of wide reflective arch ceiling

NV32L-4111

Soft lighting design of multi-layer reflective plate complemented by rectangular hollow translucent lamp post

NV32L-4112

Stainless steel frame plus hollow plate in the middle plus white translucent plate plus organic lamp post

NV32L-4113

Stainless steel frame complemented by lamp post lighting

NV32L-4114

Mirror stainless steel hollow plate plus marble translucent plate plus Acrylic translucent plate

NV32L-4115

Geometrical pattern in the middle and organic lamp post on both sides, make the ceiling modern(Only used for hospital lift)

NV32L-4116

Stainless steel punched plate in the middle, soft lighting design of stainless steel plate plus organic strip(only used for hospital lift)

NV32L-4117

Stainless steel punched plate complemented by milky white translucent plate in the middle, soft lighting design of stainless steel plate plus organic strip

NV32L-4118

Painted plate in the middle, soft lighting design of stainless steel plate complemented by rectangular organic lamp post on both sides

NV32L-4119

Mirror stainless steel frame plus lamp post

NV32L-4120

Stainless steel frame plus soft lighting design of organic long strip
